A NATURAL REMEDY
Specially suited to our Constitutions, and competent to the cure of every curable disease will be found in
WRIGHT'S INDIAN VEGETABLE PILLS.
Of the North American College of Health.
THESE Extraordinary Pills are composed of plants which grow spontaneously on our soil; and are therefore better adapted to our constitutions. These Medicines concocted from Foreign drugs, however, will they may be counteracted; and a WRIGHT'S INDIAN VEGETABLE PILLS are founded upon the principle that the human body is in truth
Subject to but one Disease, viz. corrupt blood; and that said medicines cures this disease on natural principles;—by cleansing and purifying the body; it will be manifest, that if the constitution be not entirely exhausted—a perseverance in their use according to direction, is absolutely certain to drive away disease of every name from the body.
When we wish to restore a Swamp or Morass to fertility we drain it of the superabundant waters. In like manner if we wish to restore the body to health, we must cleanse it of impurity.
Wright's Indian Vegetable Pills
Will be found one of the best. It not only the very best Medicine in the world for carrying out the
Grand Purifying principle, because they expel from the body all morbid humors, the cause of disease, in an easy and natural manner, and while they every day give ease and pleasure, disease of every name is rapidly driven from the body.
The above named PILLS, have been three years before the American public, and we can now say without fear of contradiction, that of all the various Medicines which have heretofore been popular; not one has given such universal satisfaction, or obtained such a permanent hold upon the affections of the people. Not only do all who use it invariably experience relief, and recommend it in the strongest terms, but it has effected some of the most astonishing cures ever performed by medicine.
From the Boston Daily Times.
WRIGHT'S INDIAN VEGETABLE PILLS.
Of all the public advertised medicines of the day, we know of none that we can more safely recommend for the "ills that flesh is heir to" than the pills that are sold at the depot of the North American College of Health, no. 120 Tremont street, Boston. Several instances we know of where they are used in families with the highest satisfaction; and no longer ago than yesterday we heard an eminent physician recommend them in high terms. There used to be a great reputation to the use of QUACK medicines; and they are all indiscriminately termed, but it was mainly owing to the regular M. D.'s constantly denouncing them. They are however becoming more liberal in this respect, and the consequence that good Vegetable medicines are now more extensively used than formerly.
Extract of a letter from Washington City.
Mr. Wm. Wainwright, Dear Sir—You will have the kindness to forward me as soon as possible, two or three gross of the Indian Vegetable pills. The sales have for the last two months increased rapidly; those who buy, generally remarking that they are the best pills they have ever used; and my opinion that they will in a short time supersede all others in the city.
ROBERT FARMHAM, Washington City, D. C.

From the Phila. Saturday Evening Post.
WRIGHT'S INDIAN VEGETABLE PILLS.
Wright's Indian Vegetable Pills are attaining great celebrity in New England as well as other parts of the United States. The attempts of persons to defraud the public by the sale of spurious articles, meets with general reprobation. Mr. Wright is an indefatigable business man, and shows an array of cures by the medicine which warrant confidence in the virtue of his Indian Vegetable Pills.

HIGHLY IMPORTANT.
NEW DISCOVERY.
Dr. George Felix's Family Aperient Pills.
D. F. FELIX, of Youngstown, Westmoreland county, Pa., would most respectfully inform the public that he has made one of the most important discoveries in medicine ever known, and which will be regarded as forming an epoch in the art of healing.
In bilious disorders, the effect of the above named pill is wonderful. It removes the vitiated and acrid bile, promotes a healthy secretion of the liver, and soon restores that all important viscera to a natural condition and wholesome activity. In complaints of the stomach, it is particularly valuable. It cleanses it of all morbid and pernicious matter, increases the appetite, and through the stomach, gives tone and vigor to the whole system. It acts effectually in diseases of the Liver and Gall vessels, rousing the Liver to a healthy action, violent colds it will remove like a charm. Likewise scarlet fever and Dysentery, will yield to one or two doses. The Diabetic, and all other diseases of the urinary organs will be cured by the use of this medicine without any noxious effects. In the diseases of children they will be highly beneficial, especially during the time they are getting teeth, at which time infants suffer most.
In the use of this medicine, no attention need be paid to diet, nor should there be any dread of exposure to the weather.
TESTIMONIALS OF THE BEST KIND can be adduced. I have used these pills, and all unite in rendering praise to this safe, powerful and wonderful cathartic.
The following certificate of an eminent physician, and now a preacher of the Gospel, will show the excellency of their efficacy on the system, particularly in bilious diseases.
MABELL MILLER, Greene Co. Pa., February 6th, 1843.
Dr. G. Felix, Sir—Having obtained a few boxes of your Family Aperient Pills, and having been in the regular practice of Medicine for 16 years—though now engaged as an Assistant Minister of the Methodist P. Church—I hereby certify that in bilious diseases they are decidedly the best Pill I have ever used; they have been partially successful in Dysentery, and in Dyspepsia very beneficial. You are at liberty to make any use of this certificate you may think proper.
Yours with respect,
F. T. LAISHLEY, M. D.
